

JOB DESCRIPTION

JOB TITLE: Production Team Leader
REPORTS TO: Supply Chain Manager
LOCATION: Ngauranga, Wellington, New Zealand
REMUNERATION: Commensurate with experience in equivalent roles

COMPANY OVERVIEW:

4RF is a New Zealand company designing, manufacturing and supplying high quality wireless radio products deployed in over 130 countries. 4RF's products are used by utilities, oil and gas companies, public safety organisations, transport operators, broadcasters, enterprises as well as fixed and wireless telecoms operators. We have blue chip customers in all of these vertical markets, examples of which include the United Nations, EDF, Chevron and America Móvil.

With 80 staff 4RF is a dynamic company with a flat structure devoid of the politics of larger organisations. As one of the country's leading technology exporters 4RF enjoys significant support from New Zealand Government organisations. We win business based on our superior products, customer service and organisational agility. 4RF is backed by leading growth investor Fortissimo Capital (www.ffcapital.com).

JOB SUMMARY:

The Production Team Leader is responsible for overseeing the production of 4RF radio products including assembly, test, integration and thermal cycling of modules and final assemblies.

This involves actioning the materials requirement plan outputs, data preparation, personnel management, monitoring the production process and working with the scheduling team to adjust schedules as needed, resolution of material supply issues, and driving process and quality improvement.

The primary focus for the role is to ensure 4RF product is produced on time and to a high quality.
